GLOBAL NAIR SUMMIT 2022 AND VIDHYATHI RAJOLSAVAM

HELD ON 11TH OF THIS MONTH OPENS A NEW VISTA
IN THE HISTORY OF GLOBAL NSS

I am absolutely delighted with the strikingly attractive committed representative crowd in the Siri Fort Auditorium gathered on 11th of this month.

GLOBAL NSS was not born out of a casual approach.

Our Mother Organization, NSS Kerala has no provision to stretch beyond Kerala borders.

Nairs are spread all over the World and they have the natural instinct to join together and celebrate our cultural ethos. Even in Antarctica we performed Onam and other events.

The idea of Global NSS, the brain child of Sri. K.K.VENUGOPAL (present attorney General of India) who inspired us to launch it in the year 2010, in the midst of prominent Indians as well as Overseas like-minded Indians.

If nothing else is considered as our achievement the, survival of our Organization, in spite of great obstacles as a networking Organisation is a great thing to boot.

Our original Constitution was amended to incorporate the short coming noticed in the rules and regulations keeping the aims and objectives unchanged respecting the humble court directive, to keep pace with the time.

My grateful thanks to Justice. Ravindran Sir who was absolutely assisted by our G.B. member Adv.Priya Balakrishnan relentlessly worked towards this accomplishment.

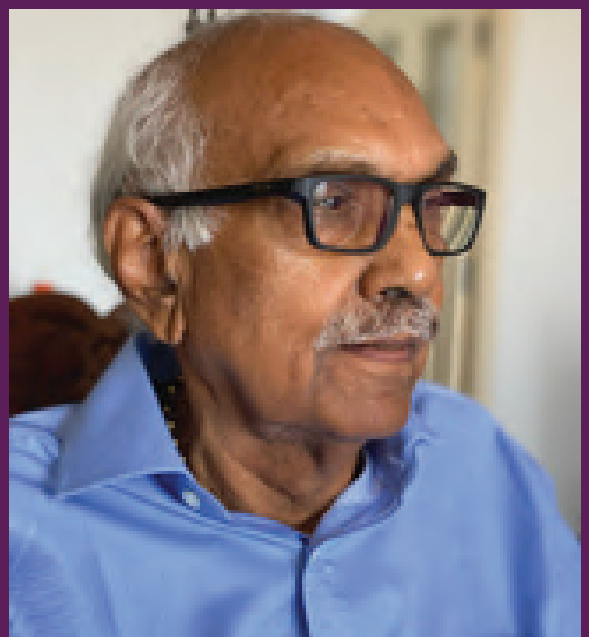

We are determined to continue and render more humane services as a part of our Global Networking.

of Delhi NSS jointly with Global NSS to get the due importance of our Spiritual Guru and his Vision and teachings included in history/School text books.

The Chief Guest of the event Mr. M. V. Muralidharan, Hon'ble MOS.

In the midst of many distinguished Guests like respected ISRO, CHAIRMAN Sri.Somanth and other members announced that he will work with us till we get the same mission accomplished. We are grateful to him for his commitment.

We have the potential and legitimate ambition to becoming top ranking networking organization with the Social, Spiritual and Economic goal in mind. I strongly appeal to all our dear members to support the well being dedicated members of our team to achieve our mission.

VISION 2040 .

GNSS VISION 2040 AS PRESENTED IN GLOBAL NAIR SUMMIT HELD ON 11/09/2022 AT NEW DELHI

OUR VISION

Our vision is of a society where the Universal Nair Brotherhood is protected.

OUR MISSION

Our mission is to provide social and spiritual upliftment of Nairs through networking and community services around the world through material development.

The webinar was a huge success, and many new ideas were added to the concept paper for the "Nairs Global Network- a road map". Three categories—material, spiritual, and social—were used to segment the webinar. On the basis of the deliberations transpired in the webinar, a draft of this vision document has been created to implement the ideas in a time-bound manner and to develop strategies to implement the ideas aggressively.

CONCEPT

We aim to realise our vision of transforming the lives of all of our Nair brothers and sisters across the world by the year 2040 by putting our plans into action as envisaged in " **Vision-2040** ".

A SNEAK PEEK AT THE BACKGROUND

A two-day seminar on the Nairs National Network on the GNSS platform was scheduled for June 2019 at Vivekananda Kendra Kanyakumari. Global Nair Seva Samaj has organized a webinar on 11th July, 2021 on the subject.

A community organization shall make impact on personal life of members, material as well as spiritual. In order to develop community in multi-dimensional angle, there should be good network of Nairs living nationally and internationally. Global NSS can play a vital role in this respect if we are ready to redefine our objectives in such a way. Nairs Global Network objectives are focused on the same perspective. There is a need to save this community from extinction because of the constitutional discrimination hanging like a Damocles sword in the name of reservation. Nairs are peace loving patriots, so aggressive agitation against this injustice is not practicable. But with the same aggressiveness, Nairs can be financial super power using the growth potential available in this country. There are three important sectors to be developed in global
